

Did you know that every parent/guardian is automatically a member of the Our Lady of Mercy School for Young Women Parents Association?

The Parent Association sponsors a number of events throughout the year for students, parents, and families. Student events focus primarily on the Mercy tradition and helping to ensure every young woman leaves Mercy with fond memories of her time at the school. Events for parents include educational programs and events to help you support your daughter as she develops into a confident, successful young woman. **We encourage and welcome your participation and involvement!**

Ways to get involved: *NOTE! THESE EVENTS ARE TENTATIVE DEPENDING ON REENTRY PLANS RELATED TO COVID-19.*
